Chatham Lodging Trust Announces Second Quarter 2017 Results

Results at Upper End of Guidance, Recycling Capital, Joint Ventures Re-financed

WEST PALM BEACH, Fla., August 2, 2017-Chatham Lodging Trust (NYSE: CLDT), a lodging real estate investment trust (REIT) that invests in upscale, extended-stay hotels and premium-branded, select-service hotels and owns 133 hotels wholly or through joint ventures, today announced results for the second quarter ended June 30, 2017. The company also provided its initial guidance for the 2017 third quarter and updated its full-year guidance.

Second Quarter 2017 Key Metrics

- Portfolio Revenue per Available Room (RevPAR) Declined 0.5 percent, within the guidance range of flat to minus 1.5 percent, to \$140, compared to the 2016 second quarter, for Chatham's 38, wholly owned hotels. Average daily rate (ADR) improved 2.9 percent to \$169, while occupancy declined 3.3 percent to 83 percent.
 - Increased RevPAR 1.7 percent, excluding its six hotels in oil-industry influenced Houston and western Pennsylvania markets where RevPAR declined 20.4 percent.
- **Net Income** \$5.0 million versus \$12.3 million in the 2016 second quarter. Net income per diluted share decreased to \$0.13 versus \$0.31 in the 2016 second quarter.
- Adjusted EBITDA Declined \$1.8 million, or approximately 5 percent, to \$35.1 million.
- **Adjusted FFO** Decreased to \$25.2 million versus \$26.8 million in the 2016 second quarter. Adjusted FFO per diluted share was \$0.65 versus \$0.69 in the 2016 second quarter, compared to the company's guidance of \$0.60-\$0.65 per share.
- **Operating Margins** operating profit margins (total revenue less total hotel operating expenses) slipped 130 basis points but remain a strong 49.4 percent. Comparable hotel EBITDA margins also were off, down 200 basis points to 42.2 percent.
 - Same-store gross operating profit margins were down 40 basis points after stripping out one-time adjustments in its worker's compensation liabilities that adversely impacted margins approximately 90 basis points.

Consolidated Financial Results

The following is a summary of the consolidated financial results for the three and six months ended June 30, 2017. RevPAR, ADR and occupancy for 2017 and 2016 are based on hotels owned as of June 30, 2017 (\$ in millions, except per share, RevPAR, ADR, occupancy and margins):

	Three Moi	iths Ended	Six Months Ended

Dividends per share	\$0.33	\$0.33	\$0.66	\$0.64			

Operating Results

"Our second quarter results finished at the upper end of our guidance expectations, driven by a combination of better than expected RevPAR and operating margin performance," said Jeffrey H. Fisher, Chatham's president and chief executive officer. "We increased our RevPAR market share index by 162 basis points in the quarter. Additionally, the rate of new supply growth in our markets has declined for the third consecutive quarter. Although new supply will be an industry-wide issue for the foreseeable future, this trend is a bit encouraging for us."

Second quarter RevPAR performance for certain key markets:

- Silicon Valley RevPAR declined 0.4 percent, although ADR increased 5.2 percent to \$228.
- RevPAR at Chatham's three San Diego hotels advanced 7.9 percent.
- Four Houston hotels experienced a RevPAR decline of 20.1 percent.
- Two Los Angeles area hotels experienced a RevPAR decline of 0.4 percent.
- RevPAR at the company's three Boston hotels rose 0.9 percent.

"As we look ahead to the balance of the year, the adverse impact on our portfolio from the six oil-industry influenced markets should diminish, and at least on a comparable basis, our RevPAR results will start to normalize," Fisher concluded.

Hotel Investments and Capital Recycling

During the second quarter, the company completed the renovations of the Residence Inn San Diego Gaslamp and the Courtyard by Marriott at the Houston Medical Center. The company began the renovation of the Homewood Suites Maitland, Fla., during the quarter. Chatham is investing approximately \$21,000 per room upgrading these three hotels' designs and features. The company has invested approximately \$15.0 million in hotel upgrades this year.

Chatham continues to pursue the redevelopment and expansion of its two Residence Inns in Sunnyvale, Calif.

Chatham has entered into agreements to sell two of its hotels for gross proceeds of \$80.3 million. Both hotels are secured by mortgages that will be assumed by the buyer. Chatham is actively pursuing acquisitions and intends to use the proceeds to acquire hotels. Closing of the sales and acquisitions are subject to many conditions.

"We continuously seek to enhance, and ultimately grow, our investment portfolio through opportunistic recycling," Fisher noted. "We intend to reinvest the proceeds from these hotel sales into hotels in higher growth markets with higher cash-on-cash returns and limited CAPEX requirements. Once proceeds from asset sales are fully reinvested, we expect these transactions to be accretive to our net asset value and FFO per share. We will continue to look at other acquisitions and ground-up developments, albeit developments on a limited basis, where we can enhance our portfolio value. We will also continue to renovate and upgrade our existing hotels throughout any cycle to ensure that our hotels remain competitive."

Capital Markets & Capital Structure

As of June 30, 2017, the company had net debt of \$562.7 million (total consolidated debt less unrestricted cash). Total debt outstanding was \$575.5 million at an average interest rate of 4.6 percent, comprised of \$530.5 million of fixed-rate mortgage debt at an average interest rate of 4.6 percent and \$45.0 million outstanding on the company's \$250 million senior unsecured revolving credit facility, which currently carries a 3.5 percent interest rate.

Chatham's leverage ratio was approximately 39 percent at June 30, 2017, based on the ratio of the company's net debt to hotel investments at cost. The weighted average maturity date for Chatham's fixed-rate debt is February 2024 with the earliest maturity in 2021. As of June 30, 2017, Chatham's proportionate share of joint venture debt and unrestricted cash was \$165.4 million and \$3.1 million, respectively.

On June 30, 2017, as defined in the company's credit agreement, Chatham's fixed charge coverage ratio, including its interest in the two joint ventures with Colony NorthStar, was 3.3 times, and total net debt to trailing 12-month corporate EBITDA was 5.7 times. Excluding its interest in the two joint ventures, Chatham's fixed charge coverage ratio was 3.5 times, and net debt to trailing 12-month corporate EBITDA was 5.1 times.

On June 1, 2017, Chatham was added to the S&P SmallCap 600 index. Chatham sold 0.6 million shares under its at-the-market ("ATM") program during June at a weighted average price of \$20.43 per share.

Joint Venture Investments

During the quarter, the Innkeepers and Inland joint ventures contributed Adjusted EBITDA and Adjusted FFO of approximately \$4.7 million and \$2.6 million, respectively. Adjusted EBITDA and Adjusted FFO from the joint ventures finished \$0.1 million below guidance for the quarter. Year-over-year, Adjusted EBITDA and Adjusted FFO contributed by the joint ventures was down \$0.2 million and \$0.4 million, respectively.

Chatham received distributions of \$0.7 million during the 2017 second guarter.

During the second quarter, Colony NorthStar and Chatham closed on the refinancing of the debt securing the hotels in the Innkeepers and Inland portfolios. Both loans are interest only, incur interest based on one-month LIBOR plus an applicable credit spread and have a fully extended maturity date in 2022. A comparison of the key terms of the new and old loans is as follows:

	Innkeeper	s Portfolio	Inland	Portfolio
	New	Old	New	Old
Loans outstanding (in millions)	\$850	\$840	\$780	\$817
Credit spread (basis points)	279 bps	339 bps	330 bps	360 bps

In connection with the refinancing of the Inland portfolio, Colony NorthStar and Chatham invested approximately \$50 million (Chatham's share was \$5.0 million) to de-lever the portfolio and fund certain capital expenditures.

"When the new CMBS issuance market was attractive, we moved quickly to secure commitments and close on the refinancing of these two loans," stated Jeremy Wegner, Chatham's chief financial officer. "The Chatham and Colony NorthStar teams executed these loans seamlessly, working closely with our lenders to close the loans quickly. By extending the maturity to 2022, we solidified the two joint ventures' capital structures and set aside reserves of approximately \$67 million to fund necessary capital expenditures to enhance the competitive position of the hotels."

Dividend

Chatham currently pays a monthly dividend of \$0.11 per common share.

2017 Guidance

The company's initial guidance for the 2017 third quarter and updated full-year guidance reflects the following:

- Shares sold through the ATM and dividend reinvestment/stock purchase plans in the second quarter which impacts full-year adjusted FFO by \$0.02 per share.
- Industrywide RevPAR growth of 0 to 3 percent in 2017
- Renovations at the following hotels:
 - · Homewood Suites Maitland, Fla., commenced in the second quarter with a third quarter completion date
 - Homewood Suites in Bloomington, Minn., and Brentwood, Tenn., starting in the third quarter, with completion in the fourth quarter
 - Residence Inn San Diego Mission Valley, beginning in the fourth quarter with a completion date in 2018
- Pending dispositions and acquisitions are not included
- No additional acquisitions, dispositions, debt or equity issuance

About Chatham Lodging Trust

Chatham Lodging Trust is a self-advised, publicly-traded real estate investment trust focused primarily on investing in upscale, extended-stay hotels and premium-branded, select-service hotels. The company owns interests in 133 hotels totaling 18,210 rooms/suites, comprised of 38 properties it wholly owns with an aggregate of 5,712 rooms/suites in 15 states and the District of Columbia and a minority investment in two joint ventures that own 95 hotels with an aggregate of 12,498 rooms/suites. Additional information about Chatham may be found at chathamlodgingtrust.com.

Non-GAAP Financial Measures

Included in this press release are certain "non-GAAP financial measures," within the meaning of Securities and Exchange Commission (SEC) rules and regulations, that are different from measures calculated and presented in accordance with GAAP (generally accepted accounting principles). The company considers the following non-GAAP financial measures useful to investors as key supplemental measures of its operating performance: (1) FFO, (2) Adjusted FFO, (3) EBITDA, (4) Adjusted EBITDA

and (5) Adjusted Hotel EBITDA. These non-GAAP financial measures should be considered along with, but not as alternatives to, net income or loss as prescribed by GAAP as a measure of its operating performance.

FFO As Defined by NAREIT and Adjusted FFO

The company calculates FFO in accordance with standards established by the National Association of Real Estate Investment Trusts (NAREIT), which defines FFO as net income or loss (calculated in accordance with GAAP), excluding gains or losses from sales of real estate, impairment write-downs, the cumulative effect of changes in accounting principles, plus depreciation and amortization (excluding amortization of deferred financing costs), and after adjustments for unconsolidated partnerships and joint ventures following the same approach. The company believes that the presentation of FFO provides useful information to investors regarding its operating performance because it measures its performance without regard to specified non-cash items such as real estate depreciation and amortization, gain or loss on sale of real estate assets and certain other items that the company believes are not indicative of the property level performance of its hotel properties. The company believes that these items reflect historical cost of its asset base and its acquisition and disposition activities and are less reflective of its ongoing operations, and that by adjusting to exclude the effects of these items, FFO is useful to investors in comparing its operating performance between periods and between REITs that also report using the NAREIT definition.

The company calculates Adjusted FFO by further adjusting FFO for certain additional items that are not addressed in NAREIT's definition of FFO, including hotel property acquisition costs and other charges, losses on the early extinguishment of debt and similar items related to its unconsolidated real estate entities that it believes do not represent costs related to hotel operations. The company believes that Adjusted FFO provides investors with another financial measure that may facilitate comparisons of operating performance between periods and between REITs that make similar adjustments to FFO.

EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA

The company calculates EBITDA for purposes of the credit facility debt as net income or loss excluding: (1) interest expense; (2) provision for income taxes, including income taxes applicable to sale of assets; (3) depreciation and amortization; and (4) unconsolidated real estate entity items including interest, depreciation and amortization excluding gains and losses from sales of real estate. The company believes EBITDA is useful to investors in evaluating its operating performance because it helps investors compare the company's operating performance between periods and between REITs by removing the impact of its capital structure (primarily interest expense) and asset base (primarily depreciation and amortization) from its operating results. In addition, the company uses EBITDA as one measure in determining the value of hotel acquisitions and dispositions.

The company calculates Adjusted EBITDA by further adjusting EBITDA for certain additional items, including hotel property acquisition costs and other charges, gains or losses on the sale of real estate, losses on the early extinguishment of debt, amortization of non-cash share-based compensation and similar items related to its unconsolidated real estate entities, which it believes are not indicative of the performance of its underlying hotel properties entities. The company believes that Adjusted EBITDA provides investors with another financial measure that may facilitate comparisons of operating performance between periods and between REITs that report similar measures.

Adjusted Hotel EBITDA is defined as net income before interest, income taxes, depreciation and amortization, corporate general and administrative, hotel property acquisition costs, impairment loss,

loss on early extinguishment of debt, interest and other income and income or loss from unconsolidated real estate entities. The Company presents Adjusted Hotel EBITDA because the Company believes it is useful to investors in comparing its hotel operating performance between periods and comparing its Adjusted Hotel EBITDA margins to those of our peer companies. Adjusted Hotel EBITDA represents the results of operations for its wholly owned hotels only.

Although the company presents FFO, Adjusted FFO, EBITDA and Adjusted EBITDA because it believes they are useful to investors in comparing the company's operating performance between periods and between REITs that report similar measures, these measures have limitations as analytical tools. Some of these limitations are:

- FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA do not reflect the company's cash expenditures, or future requirements, for capital expenditures or contractual commitments;
- FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA do not reflect changes in, or cash requirements for, the company's working capital needs;
- FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA do not reflect funds available to make cash distributions:
- EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA do not reflect the significant interest expense, or the cash requirements necessary to service interest or principal payments, on the company's debts;
- Although depreciation and amortization are non-cash charges, the assets being depreciated and amortized may need to be replaced in the future, and FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA do not reflect any cash requirements for such replacements;
- Non-cash compensation is and will remain a key element of the company's overall long-term incentive compensation package, although the company excludes it as an expense when evaluating its ongoing operating performance for a particular period using adjusted EBITDA;
- Adjusted FFO, Adjusted EBITDA and Adjusted Hotel EBITDA do not reflect the impact of certain cash charges (including acquisition transaction costs) that result from matters the company considers not to be indicative of the underlying performance of its hotel properties; and
- Other companies in the company's industry may calculate FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA differently than the company does, limiting their usefulness as a comparative measure.

In addition, FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA do not represent cash generated from operating activities as determined by GAAP and should not be considered as alternatives to net income or loss, cash flows from operations or any other operating performance measure prescribed by GAAP. FFO, Adjusted FFO, EBITDA, Adjusted EBITDA are not measures of the Company's liquidity. Because of these limitations, FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA should not be considered in isolation or as a substitute for performance measures calculated in accordance with GAAP. The Company compensates for these limitations by relying primarily on its GAAP results and using FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA only supplementally. The Company's consolidated financial statements and the notes to those statements included elsewhere are prepared in accordance with GAAP.

The company's reconciliation of FFO, Adjusted FFO, EBITDA, Adjusted EBITDA and Adjusted Hotel EBITDA to net income attributable to common shareholders, as determined under GAAP, is set forth below.

Forward-Looking Statement Safe Harbor
